The purpose of the cooperation between Tufts and St. Joseph Dental College are as follows:

- To promote interest in the teaching and research activities of the respective institutions, and
- To deepen the understanding at each institution of the economic, cultural and social issues relating to its counterpart.

II.

Each department within the respective institutions desiring to participate in an exchange shall designate a coordinator to oversee and facilitate the implementation of this Agreement. This general Agreement of Cooperation shall be identified as the parent document of any program agreement executed between the parties. Further agreements concerning any program shall provide details concerning the specific commitments made by each part and shall not become effective until they have been reduced to writing and executed by the duly authorized representatives of the respective universities. The scope of the activities under this agreement shall be determined by the funds regularly available at both institutions for the types of collaboration undertaken and by financial assistance as may be obtained by either institution from external sources. No specific financial commitment by either party is to be implied from this agreement.

V.

Except as may be stipulated in any specific program agreement, each institution shall be responsible for expenses incurred by its employees under this agreement.

VI.

Upon approval by each institution, this agreement shall remain in effect until October 29, 2026 [the fifth year of effectiveness], unless terminated earlier by either institution. Such termination by one institution shall be effected by giving the other institution at least ninety (90) days advance written notice of its intention to terminate. Termination shall be without penalty. If this agreement is terminated, neither Tufts nor St. Joseph Dental College shall be liable to the other for any monetary or other losses which may result.
