## Collaboration Proposal for NEET PG training

### Introduction

Center for Excellence in Dental Entrance Examination (CEDEES) is one of the pioneers in providing world class coaching for MDS Entrance exams since 2007. Over the years, we have garnered a stellar reputation for our commitment to excellence in service, yielding exceptional year-on-year results. Our success is underscored by consistently securing top ranks in competitive entrance examinations nationwide and ensuring maximum seat allocations in premier institutions.

### About Us

CEDEES is a forward-thinking organization with the primary goal of preparing our students for an ever-evolving world. We achieve this by nurturing critical thinking skills and instilling a deep respect for core values, including sharing, integrity, caring, and compassion. Our commitment extends to creating an environment where each individual is nurtured morally, intellectually, socially, and emotionally.

We strive to cultivate a stimulating learning atmosphere that spans the entire curriculum, aiming to unleash the maximum potential within every student. Our objective is to ensure that students, irrespective of their intellectual levels, are well-equipped to confront the multifaceted challenges posed by education, work, and life. At CEDEES, every student is treated as a unique individual and is provided with the essential tools to become a lifelong learner.

## Objective

We strongly believe that establishing partnership with CEDEES, and pooling our assets and resources, will be mutually beneficial. Our objectives include:

Providing students exposure to state-of-the-art training for all competitive exams in Dental Discipline, ensuring they are well-prepared and confident.

Offering effective time management skills by conducting classes on the college premises, eliminating the need for students to travel to external coaching centers.

Imparting leading-edge training to every student at an affordable cost.

## Advantages of partnering with CEDEES

- The college would get the benefit of exposure to state-of-the-art competitive coaching at the doorstep without any additional investment
  - Classes would be conducted only during weekends, thereby not hindering the students' day-to-day activities.
  - Would give the students an exposure to interact with more than 5500+ MDS aspiring students across the country and to self-assess.
  - A part of the fees collected from students will also be shared with the college administration.
  - Students would get access to the State-of-the-art training, at the fraction of the cost at their college premises (Satellite center's) instead of travelling to the coaching centers.
  - Students can attend classes during their internship program itself. This would save them one year of time.
  - A platform for the student to exchange ideas, self-access, interact and compete with 5500+ MDS aspiring doctors preparing for various competitive exams.
-

## College Specific Obligations

For the partnership to operate effectively in a highly competitive environment and provide the best possible training to the students, the college needs to fulfill the below obligations.

The college is going to provide a classroom with adequate space for 100 students, a projector and speakers and power backup.

The college provides no unauthorized access to any person to the classroom not approved by CEDEES.

The college provides access to CEDEES authorized representative to collect the prescribed fees and communicate with the student either in person, mail, or phone.

The college provides access to the CEDEES authorized representative access to the classroom and conduct the classes.

## CEDEES Obligations

For the partnership to operate effectively in a highly competitive environment and provide the best possible training to the students, the company needs to fulfill the below obligations.

The company will provide the class schedule 1 week ahead of time for the college to make necessary preparations.

The company will pay compensation to the college for the infrastructure provided on per student basis.

The company will provide the agreed upon training and agrees to complete it within the prescribed timeline.

## Terms

- As part of the agreement CEDEES is authorized to collect Rs. 35,000 Rupees as coaching fees for per student.
- CEDEES agrees to pay Rs. 5000 per student to the college for the infrastructure usage. This is applicable only for students taking up admission in the college.
- Students enrolled in any CEDEES center will get access to any other center in the country at any point of time by collecting the transfer certificate from the enrolled center.
- Classes will be held either on Saturday or Sunday as per student convenience.
- 5000 discounts would be provided to the topper of the college and complete fee would be refunded for any student achieving under top 10 rank in competitive exam (NEET /INI-CET)
- No other coaching classes should be allowed to conduct classes or promote their institute during the contract period.
- This MOU is valid for three years and can be renewed.
