

PROJECT 1 – SPURTHI DHATA

In 2020, An Invisible enemy waged a deadly war against humanity, ending the lives of millions abruptly across the world. Jobs were lost, people were struggling to even make the ends meet with countries and economies coming to an abrupt halt with an uncertain future.

COVID showed us our flaws, but also brought out the best in humanity. We understood the importance of Life, Health, Empathy, Kindness.

We felt it was our responsibility to help the people around us and when we looked around, we saw someone who's been helping this college silently from the background, who came first and left last, who are tirelessly working to keep things moving all around the year, Without whom, we can't run the college even for one day.

Our Non Teaching staff!

Our committee discussed on ways to help them. Those were the times when lockdown was on peak, with people struggling to buy groceries with limited stock availability and sky rocketing prices. Sanitizer became a basic necessity but it was not available to everyone.

And just then, with one message, a total of rupees ₹2,61,596/- was collected from 137 old students to provide groceries and daily needs for the non teaching staff during the 1st Covid pandemic. Despite, warnings from the police authorities, and multiple barriers, Our heroes Dr Palli Chinna babu, Dr Harish, Dr Srikanth has risked everything and transported these goods in personal vehicles and successfully distributed to our non teaching staff. And in this process, Dr Harish and his mother even got infected with Covid. Hats off to their humanity.

1. Rice - 10 kgs
2. oil - 2 (kgs) liters
3. Toor dal - 1 kg
(కొంజిపప్పు)
4. Urad dal - 1 kg

PROJECT 2 – CHEYUTHA

Childhood is the most beautiful phase of all our lives but for these two kids, it was a battle. A fight for their lives. Before this family could feel happy about the twin girls coming into their family, they realised a bitter truth that they both have heart condition that requires prolonged treatment and even surgery if things got out of hand. It was proving to be a costly affair and the family had burnt all their resources but they didn't give up.

Both these children are daughters of Ms.Navya Sankeerthana, who's the sister our Alumni member Dr Ch Kashmiri (2014-2019 batch) After getting to know this, one of our EC members, highlighted this issue to our committee members, and without any hesitation they took a resolution to lend a helping hand to the family of Dr Ch Kashmiri.

And within 3 days, a total of ₹2,69,620 (₹90,550 was collected from old students and ₹1,79,070 from batchmates & current students) for these kids' cardiac treatment.

Their family's determination to save them, along with our small helping hand, helped these two kids come out of this situation, with smiling faces.

We are glad that they are both healthy and happy now.

PROJECT 3 – AROGYADHATA

In general we see that alumni associations, limit themselves to conducting alumni meets and some good associations may even contribute something to their college. But we went a step ahead.

What's college? College is not the buildings, college is not a place, college is not an institution. College is it's students, it's teachers, it's staff. So college is us.

If college needs something, the management is always there to take care of it but what if one of us needs anything? Who's going to come to our aid?

And with that thought, we answered that question by starting our third project.

To save Dr Priyanka, our fellow alumni who's been fighting with ill health and needed a surgery that was proving to be costly.

To aid her, a total of ₹2,15,503 was collected from 57 St. Joseph Dental College old students towards Dr Priyanka's surgery and after a prolonged battle of one year, she recovered to full health.

PROJECT 4 – SMARANA

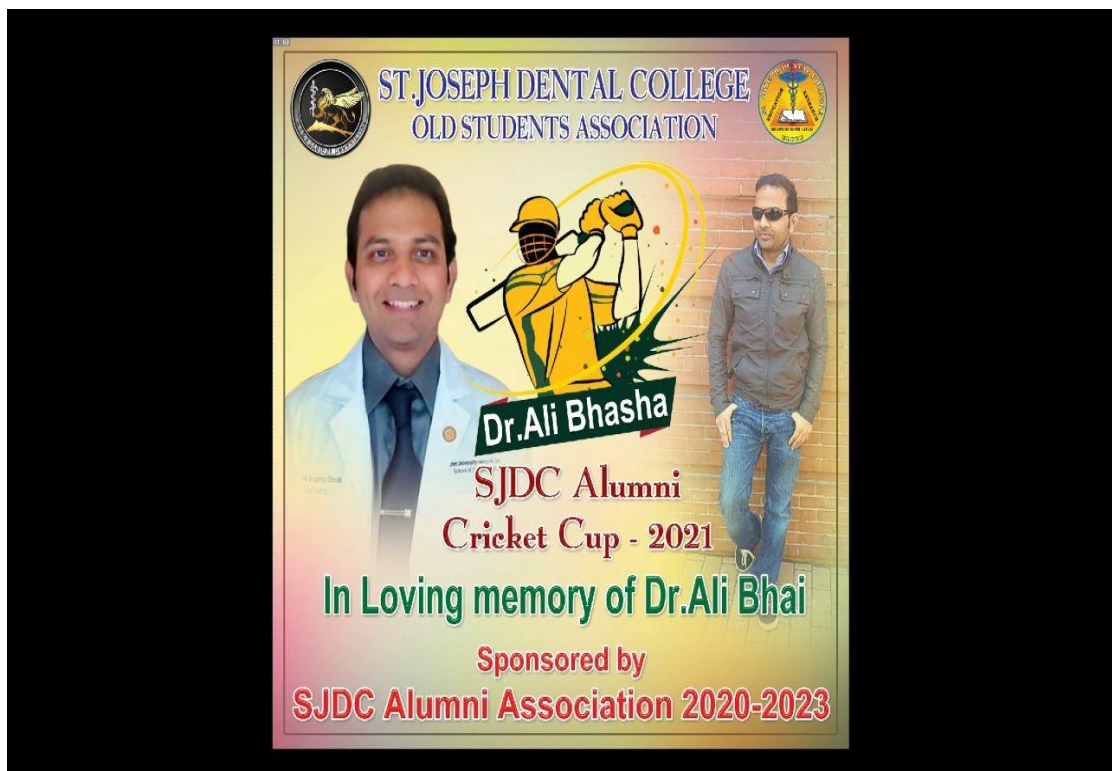

SJDC ALUMNI CRICKET TOURNAMENT

"He whom the Gods love dies young."

- Plautus

SJDC old student's alumni association has conducted a cricket tournament for SJDC students in the loving memory of Dr.Ali Basha from UK who has left us too soon. He was a kind hearted, talented, spirited individual, who spread smiles among the people around him.

The cricket tournament was followed by the alumni association logo unveiling. (The logo has been designed to mean, "Immediate, Unique, Identity and Power").

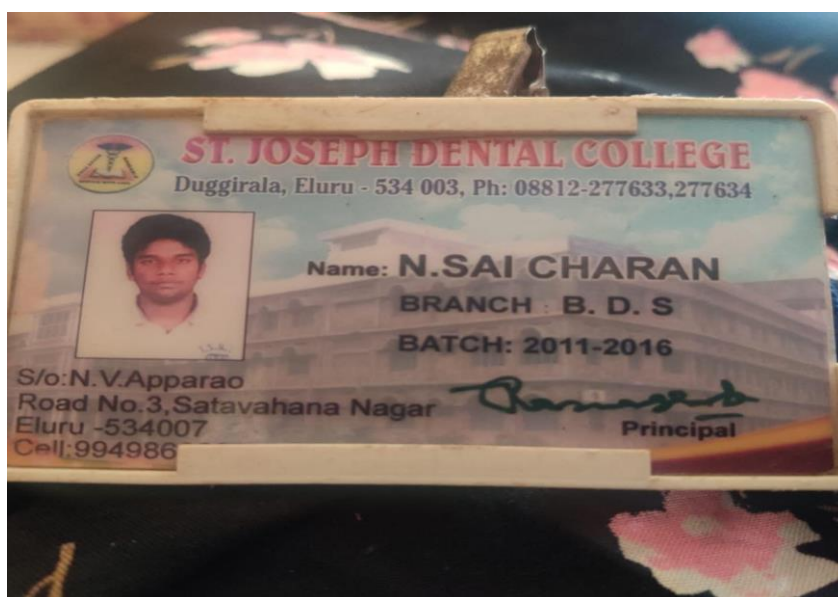

PROJECT 5 – SAHAYATHA -

“Cancer cannot cripple love, it cannot shatter hope, it cannot conquer the spirit.”

When Dr Sai Charan has informed the association that his mother is battling cancer, we were all moved. And we have unanimously decided that we would lend our hands and help their family fight this catastrophe.

And as soon as we informed our alumni members, they responded and in a record time of just 12 hours, from 77 old students a donation of ₹1,07,887 was raised towards Dr. Sai charan's mothers cancer treatment.

Name	Ms. Rajya Lakshmi. N	Age/Sex	46Y/F	Reg No	FPC2101020
Ref. Physician	Dr. Surya Prakash	Date	21/05/2021		

• Pancreas, spleen, kidneys and adrenals appear normal.
 • Small and large bowel loops appear normal.
 • No significant abdominal lymphadenopathy noted. There is no ascites.
 • Uterus appears unremarkable.

Musculoskeletal system:

- No significant abnormalities seen.

PET Scan findings:

- Intense focal FDG uptake (SUV max 4.9) is seen in the mass lesion seen in the right parotid region with its extensions and involvements corresponding to CT findings.
- Intense focal FDG uptake is also seen in the soft tissue density lesion seen in right level II cervical region (SUV max 3.9).
- Intense focal FDG uptake is also seen in multiple lung lesions (SUV max 7.2) and liver lesions (SUV max 5.3).

Impression:

PET-CT findings in this known treated Ca. right parotid, post surgical status (superficial parotidectomy) demonstrate:

The mass lesion seen in the right parotid region is active metabolically and consistent with residual disease/ local recurrence.

Multiple metabolically active lesions in the lungs and liver as described, consistent with metastases.

Name	Ms. Rajya Lakshmi. N	Age/Sex	46Y/F	Reg No	FPC2101020
Ref. Physician	Dr. Surya Prakash	Date	21/05/2021		

¹⁸F-FDG Whole Body PET-CECT

Clinical Details: Ca. right parotid. S/p: Right superficial parotidectomy (28/07/2012). Post Chemo: 4cycles last (Oct/2012). Post Radiotherapy: 28fractions last (03/09/2012). Now has right neck node recurrence. FNAC (18/05/2021): in favor of metastatic lesion in post CT of mucocleidroid Ca. of right parotid.

Technique: PET and contrast enhanced CT images (Top of the skull to mid thigh) were acquired 45-60 min after the injection (of about 10 mCi ¹⁸F FDG) on GE DISCOVERY IQ PET-CT scanner. Fused reconstructed trans axial, coronal and sagittal views obtained. A semi quantitative analysis calculated (SUV lean body mass value, g/ml). The blood sugar at the time of tracer injection was 100 mg/dl.

CT Scan findings:

Brain

- No obvious abnormality detected.

Head and Neck:

- K/C/O Ca right parotid gland shows:
- Lobulated soft tissue density lesion measuring 36x24mm seen in right parotid gland extending laterally upto the skin and auricle. Medially lesion is extending into the deep lobe of parotid – Malignant mass lesion.
- Lobulated soft tissue density lesion showing moderate heterogeneous enhancement measuring 41x30mm seen in right level II extending laterally upto the skin and medially abutting the glottis – Metastatic deposit.
- Rest of the major salivary glands appear normal. Paranasal sinuses, mastoids and thyroid gland appear normal.

Chest:

- Multiple lobulated soft tissue density lesions seen scattered in both lungs, largest in the right hilar region measuring 60 x 52mm. This largest lesion is infiltrating the pericardium and is partially encasing the left lower lobe pulmonary veins. Another similar morphology lesion measuring 63 x 47mm seen in middle mediastinum abutting the sternum anteriorly and great vessels and pericardium posteriorly. Laterally abutting the adjacent lung parenchyma – Metastatic deposits.

Breasts and Axilla:

- No significant abnormalities seen.

Abdomen and Pelvis:

- Liver: Multiple lobulated heterogeneously enhancing soft tissue density lesions seen scattered in both lobes, largest in segment VI / VII measuring 96x71mm – Metastatic deposits.

PROJECT 6 – PRANADHATA

Help doesn't come from anywhere else, we as humanity should look out for each other. And our commitment towards helping our old students in need, only got stronger by the day.

Our association got to know that one of the students who's studied along with us, is in coma due to a head injury and their family is struggling to continue her treatment.

And within no time, our association reacted and came forward to leave no stone unturned to save our friend, Dr Rayudu Kranthi Latha.

A total of ₹5,00,000 was collected from 273 old students towards Dr.Rayudu Kranti Latha's Head injury treatment & Recovery.

We are glad to inform that she's recovered well but sadly going through Amnesia. We heartfully pray for her full recovery.

ANGELS IN SJDC ALUMNI

“We make a living by what we get, we make a life by what we give.”

THANK YOU

PROJECTS 7 – SJDC ALUMNI ANNUAL MEET

An official SJDC EC Members meeting was held in the college campus in the year 2022. All our office bearers and committee members have attended this meet. And discussions were held on budget allocations, students welfare and quality standards of SJDC and General Hospital infrastructure. As we strive to make our college, one of the best places to study and excel.

PROJECTS 8 – DISHA NIRDESHANA - SJDC CAREER GUIDANCE PROGRAM

"Legacy is not what I did for myself,
but what I did for the next generation".

- Vitor Belfort.

SJDC Alumni career guidance program was held in SJDC lecture gallery-2 about various prospects after BDS and overseas career opportunities along with NEET PG preparation planning, which was given to final year students and interns by Dr.Swapna 2012 batch (Saudi Arabia) Dr.Srikanth, Founder of MD conquer, Dr.P.chinna Babu, President SJDC Alumni Association.

PROJECT 9- SMRITHI -SJDC ALUMNI FOOT BALL TOURNAMENT

“As long as we live, they too will live; for they are now a part of us; as we remember them.”

Life is not fair sometimes as it takes away some of the best people among us early. They may not be with us physically but will always be in our hearts.

In remembrance of the fallen petals of SJDC, our SJDC Alumni has conducted a football tournament between SJDC students and staff in their loving memory.

PROJECT 10 –SAMMELANAM - SJDC ALUMNI MEET

On September 30th and October 1st SJDC Alumni members are planning to meet for the Alumni General body meeting to discuss the future plans and programs. And our pursuit of lending hands and spreading happiness goes on.....

We are not put on this earth for ourselves, but are placed here for each other. If you are always there for others, then in time of need, someone will be there for you.
