Anatomy of a Perfect Slide

- 1. One Clear Message**
Every slide = one idea. If you need to build or break something, split it into two slides.
- 2. Visual Hierarchy**
Title is overarching & bold. Guide the eye. Use size and color, not random bolding.
- 3. Breathing Space**
Minimum 3" margins. White space is NOT wasted space – it's clarity.
- 4. Consistent Theme**
Same font family, same palette, same icon style throughout the deck.
