ROLES AND RESPONSIBILITIES OF INTERNAL QUALITY ASSURANCE CELL

- Every academic activity, including teaching and learning, clinical skills, evaluation procedures, and outcome analysis, is reviewed by the IQAC.
- The feedback reports on different activities inside the institution are evaluated by IQAC.
- The IQAC evaluates the quality of screening and treatment in community outreach settings.
- It takes measures to improve the standards of library resources and encourage greater use of them by academic staff and students.
- The IQAC evaluates the committees' reports and offers recommendations for achieving success in cultural and athletic endeavors.
- The IQAC offers recommendations for improved sterilization, infection control, and patient care delivery.
- The foundation of any educational institution is research. The IQAC fosters a culture of research among the students.
- The cell also keeps an eye on scientific publications, grants from different funding organizations, and faculty research quality.
- The Dental Education Cell's (DEC) scientific programs are subject to quality control oversight by IQAC.
- Additionally, it hosts seminars and workshops on quality-related topics.
- IQAC assesses preparation for accreditation by several authorities.
- The IQAC evaluates the current MOUs and makes recommendations for fresh partnerships.
- The IQAC oversees infrastructure facility maintenance and upgrades recommendations.
